Technotch  
Alternative

Technotch was designed originally for my music project in 1996, but this has been never used and has been forgotten. In 2013, I picked the unused alternative characters for it, then made Technotch Alternative. I was about to change the font name, because this name seemed a little far from the image of the type set. On the other hand, I don't know why, this typeface reminds me Japanese Techno Pop scene in 80's. So, the name is still remained.
